# Team Charter

## ● Project Description:

To develop a mobile application - Toytastic, that revolutionizes the way children and families share toys and games. The primary objective of this project is to create a user-friendly, secure, and efficient platform that connects parents and caregivers, allowing them to share toys and games among their children. The app will target iOS and Android platforms, ensuring accessibility for a wide user base in the US. The ToyShare app aims to make toy-sharing a convenient and sustainable option for parents, while also promoting social interactions and reducing the environmental impact of toy production and waste. As we move forward with this project, our team is committed to creating a robust, user-friendly, and secure app that fulfills our mission of making playtime more enjoyable, affordable, and eco-friendly for families in the US.

The project is estimated to take 15 months, starting from project initiation to the official launch of the app in app stores. This timeline includes requirements gathering, design, development, testing, and the launch phase.

## ● Team Members:

- Rana Hamdan - Project Manager and Marketing Specialist
- Soundarya Bachu - App Developer/Software Engineer
- Aswini Sivakumar - User Experience (UX) Designer

## ● Code of Ethics Established:

- Integrity, Accountability, and professionalism

# Project Scope

## Objective

Develop a mobile app that transforms how communities share toys. Users can list their pre-owned toys or games for sale, allowing others to purchase them.

## Deliverables

Working prototype mobile device application with features such (User Registration, toy listing, search, filter, schedule, book, message, pay,, upload photos, review and rating)

## Milestones

### Initiation Phase

- Gathering Requirements  
- 12/28/23
- Obtain necessary approvals 1/11/2024

### Planning Phase

- Developed WBS  
1/31/2024
- Project kickoff  
2/5/2024

### Design Phase

- Wireframes & Mock-up-  
3/18/2024
- UX/UI Design  
4/22/2024

### Execution phase

- iteration 1 Development  
7/29/2024
- iteration 2 Development 9/9/24
- iteration 3 Development  
10/21/2024
- QA and User acceptance Testing  
11/8/2024
- soft Launch 12/6/2024

### Closure Phase

Project completion  
2/20/2025

## Technical Requirements

Smartphone compatibility with Android and Apple iOS with security multi-factor Authentication, 99.99% availability .

## Risks

User Privacy and Security, User Adoption, User Trust, Supply and Demand Balancing, Scalability, Technological Challenges, Resource Constraints, Operational Challenges.

# Work Breakdown Structure (WBS)

- Project split into major categories and milestones.
- WBS coded in MS Project.

WBS	Task Name
<b>1</b>	<b>Initiation Phase:</b>
1.1	Define project scope, goals, and objectives
1.2	Gathering Requirements
1.3	Develop a business model and revenue strategy
1.4	Obtain necessary approvals
<b>2</b>	<b>Planning Phase:</b>
2.1	Develop work breakdown structure
2.2	Risk analysis
2.3	Cost analysis
2.4	Technical requirements analysis
2.5	Project plan & schedule finalized
2.6	Project kickoff
<b>3</b>	<b>Design Phase</b>
3.1	Define application architecture
3.2	Wireframes and Mock-ups Creation
3.3	UX/UI Design
<b>4</b>	<b>Prototype Development</b>
4.1	Prototype Creation
4.2	Prototype Testing and Feedback

WBS	Task Name
<b>5</b>	<b>Application Development</b>
5.1	Database Creation
<b>5.2</b>	<b>Full-scale Development</b>
5.2.1	iteration 1 Development and testing
5.2.2	iteration 2 Development and testing
5.2.3	iteration 3 Development and testing
5.2.4	Payment Gateways integration testing
5.3	QA and UA Testing and Bug Fixing
<b>6</b>	<b>Deployment</b>
6.1	Soft Launch
6.2	Feedback Collection and Adjustments
6.3	Full App Launch
<b>7</b>	<b>Clousre Phase</b>
7.1	Performance Monitoring
7.2	Evaluation against Goals and Objectives
7.3	Future Enhancements Planning
7.4	Project Shutdown
7.5	lessons learned
7.6	project close-out checklist
7.7	Project completion

# Cost Analysis

Cost Breakdown	
Procuring software	\$ 25,000
Procuring Hardware	\$ 10,000
Obtaining server for hosting the app	\$ 10,000
Database setup and maintenance	\$ 5,000
Digital Marketing and advertising Expenses	\$ 5,000
Salary for 3 project members for 1 year	\$ 225,000
Rental Office space for 1 year	\$ 12,000
Customer support expenses	\$ 5,000
<b>Total Cost outflow</b>	<b>\$ 297,000</b>

Yearly Maintenance costs	Year 1
App maintenance and feature updates	\$ 5,000
Server maintenance Costs	\$ 2,000
Payment partnering costs	\$ 1,000
Commision Fee on App Store( of overall Revenue)	15%
<b>Total Commision</b>	<b>\$ 31,500</b>
<b>Total maintance cost</b>	<b>\$ 39,500</b>

Cost Inflow per year	Year 1
Subscription Fees (per month)	\$ 2.5
Total Number of Users	5000
Total Subscription fee (per year)	\$ 150,000
Transaction fee for successful toy exchange(of txn	5%
Average # exchanges (per Year)	60000
Average Transaction value per exchange	\$ 20
Revenue from transactions (per year)	\$ 60,000
<b>Total Revenue</b>	<b>\$ 210,000</b>

# Cost Analysis

Yearly Maintenance costs	Year 1	Year 2	Year 3	Year 4	Year 5
App maintenance and feature updates	\$ 5,000	\$ 5,500.0	\$ 6,050.0	\$ 6,655.0	\$ 7,320.5
Server maintenance Costs	\$ 2,000	\$ 2,200.0	\$ 2,420.0	\$ 2,662.0	\$ 2,928.2
Payment partnering costs	\$ 1,000	\$ 1,100.0	\$ 1,210.0	\$ 1,331.0	\$ 1,464.1
Commision Fee on App Store( of overall Revenue)	15%	15%	15%	15%	15%
Total Commision	\$ 31,500	\$ 42,174	\$ 54,886	\$ 69,957	\$ 87,758
<b>Total maintance cost</b>	<b>\$ 39,500</b>	<b>\$ 50,974</b>	<b>\$ 64,566</b>	<b>\$ 80,605</b>	<b>\$ 99,471</b>

Cost Inflow per year	Year 1	Year 2	Year 3	Year 4	Year 5
Subscription Fees (per month)	\$ 2.5	\$ 2.75	\$ 3.03	\$ 3.33	\$ 3.66
Total Number of Users	5000	6000	7000	8000	9000
Total Subscription fee (per year)	\$ 150,000	\$ 198,000	\$ 254,100	\$ 319,440	\$ 395,307
Transaction fee for successful toy exchange(of txn	5%	5.25%	6%	5.75%	6%
Average # exchanges (per Year)	60000	72000	84000	96000	108000
Average Transaction value per exchange	\$ 20	\$ 22.0	\$ 24.2	\$ 26.6	\$ 29.3
Revenue from transactions (per year)	\$ 60,000	\$ 83,160	\$ 111,804	\$ 146,942	\$ 189,747
<b>Total Revenue</b>	<b>\$ 210,000</b>	<b>\$ 281,160</b>	<b>\$ 365,904</b>	<b>\$ 466,382</b>	<b>\$ 585,054</b>
<b>Net Income (per year)</b>	<b>\$ 170,500</b>	<b>\$ 230,186</b>	<b>\$ 301,338</b>	<b>\$ 385,777</b>	<b>\$ 485,583</b>

# Cost Analysis

Required Discount rate	10%					
Metrics	Year 0	Year 1	Year 2	Year 3	Year 4	Year 5
Cost outflow	\$ (297,000)	\$ (39,500)	\$ (50,974)	\$ (64,566)	\$ (80,605)	\$ (99,471)
Cost inflow	0	\$ 210,000	\$ 281,160	\$ 365,904	\$ 466,382	\$ 585,054
Net income	\$ (297,000)	\$ 170,500	\$ 230,186	\$ 301,338	\$ 385,777	\$ 485,583
Cumulative cash balance		\$ (126,500.0)	\$ 103,686.0	\$ 405,024.4	\$ 790,801.4	\$ 1,276,384.8
Annualized ROI		157%	178%	201%	230%	263%
NPV Formula	\$1,136,636.36					
<b>NPV</b>	<b>\$839,636.36</b>					

Payback Period	
Last year where cumulative balance is negative	1
Cumulative cash balance of the above period	\$ 126,500.00
PV of the follo	\$ 230,186
Payback Period	<b>1.55</b>

# Risk Analysis

- Overall 10 risks were identified
- Created a Risk Response Matrix to define a response strategy to handle if any risks arise

Risk Assessment Form				
Risk ID	Risk Description	Likelihood (1-5)	Impact (1-5)	Total (L x I)
1	Scalability Problems	4	4	16
2	Economic Instability	2	3	6
3	Team Attrition	2	4	8
4	Lack of Stakeholder Support	3	3	9
5	Inadequate Project Planning	4	4	16
6	Dependency on External Dependencies	3	3	9
7	Changing User Requirements	3	4	12
8	Low User Engagement	3	3	9
9	Legal/Compliance Issues	2	4	8
10	Technology Obsolescence	4	3	12

Risk Response Matrix		
Risk ID	Risk Description	Response Strategy
1	Scalability Problems	Implement load testing and scalable architecture
2	Economic Instability	Diversify funding sources and financial planning
3	Team Attrition	Cross-train team members and document processes
4	Lack of Stakeholder Support	Engage stakeholders early and ensure regular updates
5	Inadequate Project Planning	Review and update project plan regularly
6	Dependency on External Dependencies	Have contingency plans and alternative options
7	Changing User Requirements	Implement agile development and iterative updates
8	Low User Engagement	Enhance marketing strategies and UX/UI improvements
9	Legal/Compliance Issues	Regular legal reviews and compliance monitoring
10	Technology Obsolescence	Continuous technology evaluation and updates

# Project Kickoff

## **Project Kickoff meeting -**

- Takes place during the planning phase
- Key Participants - UX designer, app developer, and the project manager

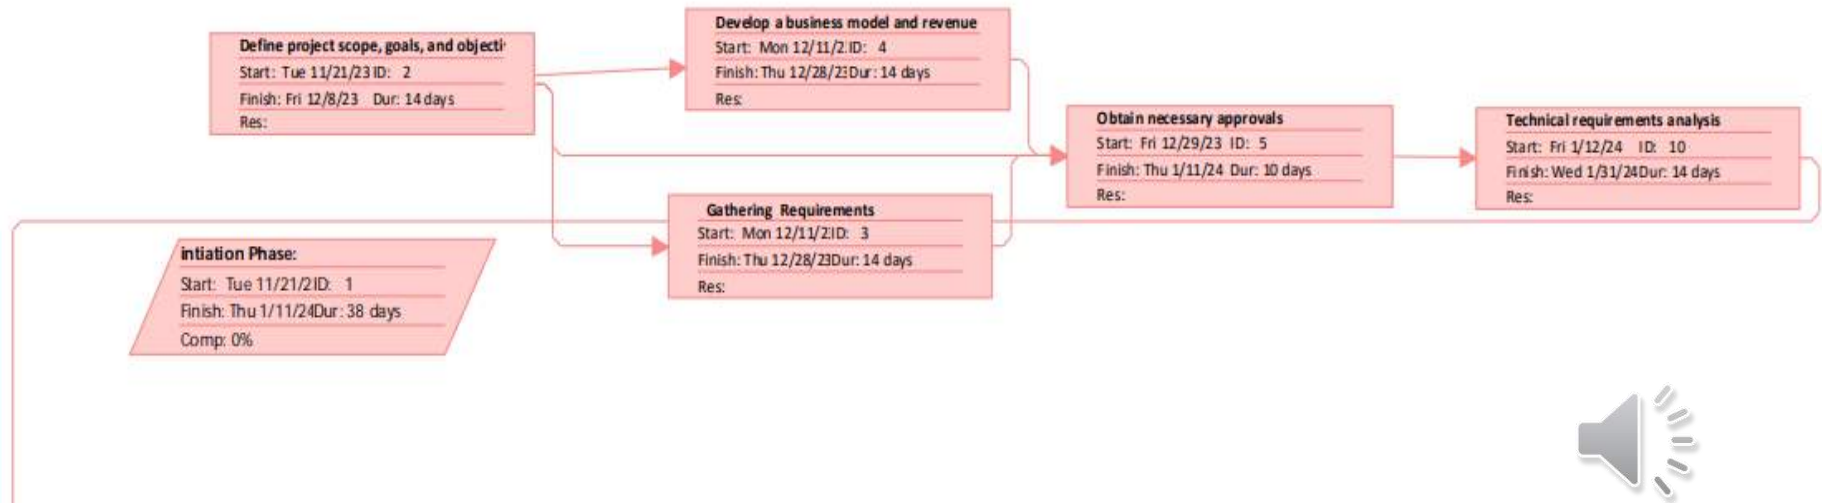

## **Agenda**

- Introduction of Team members
- Review of project scope and objectives
- Detailed Project plan review
- Assignment of work packages
- Establishment of ground operational rules
- Emphasis on Team Agreements

Task	Completed? (Yes/No)
<b>Team</b>	
1. Develop and accept schedule for reducing project staff	Yes
2. Release or notify staff of new assignments	Yes
3. Conduct performance reviews for team members	Yes
4. Offer staff outplacement services and career counseling	Yes
<b>Activities</b>	
5. Organize a knowledge transfer session for departing staff	Yes
6. Archive project documentation and materials	Yes
7. Conduct exit interviews with departing team members	Yes
<b>Vendors/Contractors</b>	
8. Conduct performance reviews for all vendors	Yes
9. Settle outstanding payments and close contracts	Yes
10. Obtain feedback from vendors on project collaboration	Yes
<b>Customer/Users</b>	
11. Obtain customer sign-off on the delivered product	Yes
12. Conduct a post-project survey for customer feedback	Yes
13. Schedule a lessons-learned meeting with the customer	Yes
14. Close any outstanding issues or change requests	Yes
<b>Users</b>	
15. Interview users to assess satisfaction with deliverables, project team, vendors, training, support, and maintenance	Yes
16. Provide additional training or support if needed	Yes
17. Collect user testimonials or feedback for future projects	Yes
<b>Equipment and Facilities</b>	
18. Transfer project resources to other projects	Yes
19. Close rental or lease equipment agreements	Yes
20. Verify return of all borrowed equipment	Yes
21. Set closure review date and notify stakeholders	Yes

Thank you
